

1. Remove Coin Box Lock Plate from the Coin Box.
2. Attach the Coin Box to the S100 Lock Mechanism (engage the two tabs on the lower back edge of the Lock with the upper horizontal slot on the Coin Box).
3. From the back side of the door align and insert the Lock Cylinder into the $\frac{7}{8}$ " diameter hole located in the door.
4. Use the mounting screws (FAST-LF035, FAST-LF039, FAST-LF005) supplied with the Lock and fasten the lock to the inside of the door as shown.
5. Reattach the Coin Box Lock Plate to the Coin Box.
