

LENOXLOCKER Optional Selections

Lenox Locker - Solid Plastic

Lenox Lockers - Optional Selections

Lenox Lockers optional selections are used to finish off lockers in any application. There are tops, end panels, bases and fillers available, all manufactured from High-Density Polyethylene (HDPE).

LENOXSLOPETOP

Slope tops provide a finished look and prevent accumulation of dust and storage of items on top of lockers. A 1" back plate secures to the wall first and then a 1/2" panel is secured through the locker top from the inside, leaving no exposed fasteners. The standard slope top is 10°.

LENOXCRNRSLOPE

Corner slope tops are used when there is a corner locker slope top application. It will conceal the top gap left in the corner by two adjacent banks of lockers.

LENOXFLATTOP

Flat tops provide a finished look on top of lockers. A 1/2" panel is secured through the locker top from the inside, leaving no exposed fasteners.

LENOXCORNERFLAT

Corner flat tops are used when there is a corner locker flat top application. It will conceal the top gap left in the corner by two adjacent banks of lockers.

LENOXBASE

Bases are 1" thick and set back 3" from the front of the locker to provide toe clearance underneath the lockers. Standard bases are 3" high. End caps are notched to ease installation. Custom bases available up to 24"H in 1/4" increments.

LENOXENDPANEL

End panels cover white locker sides on exposed ends and are available in flat or slope top styles and in single or double (back-to-back) configurations. When properly installed, the top edge of the 3/8" or 1/2" end panel is exposed, sitting flush with the locker top.

LENOXFILLER

Fillers are used to fill gaps between lockers and a wall or another locker in a corner. A 1/2" panel is secured to an aluminum angle bracket. The filler is attached through the inside of an end or corner locker, leaving no exposed fasteners.

LENOXPLASTIC

Lenox Plastic is used anywhere additional plastic is needed. Available in 3/8", 1/2", 1" and 1-1/2" thicknesses. Hardware not included. Not all thicknesses are available in all color options.
