FIBERGLASS REINFORCED PLASTICS

General's F.R.P. toilet partitions, showers and dressing compartments start with a highly durable; graffiti resistant FRP surface, and bond it to a solid moisture resistant wood core. The final product is a tough stain resistant partition system that will not dent, rust, corrode, or delaminate.

STANDARD COLORS

The colors shown are lithographed swatches (not exact color or texture match). Because responsible manufacturers reserve the right of reasonable color variation, we must reserve the same right. Other colors are available. Check for complete selection.
